COVID-19 Solidarity Response Fund for WHO DONATE NOW

Friends,

The world has never faced a crisis like COVID-19. The pandemic is impacting communities everywhere. It's never been more urgent to support the global response, led by the World Health Organization (WHO).

Donations support WHO's work, including with partners, to track and understand the spread of the virus; to ensure patients get the care they need and frontline workers get essential supplies and information; and to accelerate research and development of a vaccine and treatments for all who need them.

Some donations also support additional Fund partners UNICEF, the World Food Programme, the UN's refugee agency (UNHCR), the UN Relief and Works Agency for Palestine Refugees in the Near East (UNRWA), the World Organization of the Scout Movement (WOSM), and the vaccine development alliance CEPI.

Donors from Canada, China, Japan, or certain European countries, and the UK, may wish to give online to our Fund partners in these countries.
